

1:6 SCALE TEMPLATE

Design at this size (4.67" x 23") and we scale it up, or build at full 28" x 138". Either works.

LEGEND

- TRIM — fill artwork to this edge
- POLE SLEEVE — 2.5" sewn, hides artwork
- SAFE ZONE — logos and text inside

WHICH VERSION DO I NEED?

Single Sided Print Thru — pole sleeve on the LEFT as you look at the front. This template.
Single Sided Print Thru Reverse — sleeve on the RIGHT. Mirror this template horizontally.
Double Sided — send two files, one per face.

DESIGN TIPS

Read top to bottom: logo up top, then the offer.
Big type. A flag is read from 50+ feet away.
The flag curls in wind — keep key content centered, away from the outer curve.
Single-sided prints through: the back is a muted, mirrored version. Fine for text, avoid tiny print.

FILE REQUIREMENTS

- PDF or JPEG, single page
- CMYK — no Pantone or spot colors
- 150 dpi at final size
- Fonts converted to outlines
- No crop marks and no bleed
